S70 Overview

- The smallest loader in the Bobcat lineup, the agile Bobcat® S70 skid-steer loader is just 6-feet tall and 3-feet wide – the ideal size for passing through narrow doorways, side yards, gates and other tight spaces.
- The S70 skid-steer (mini) loader is perfect for jobs that are too big for a shovel and in spaces too small for a larger machine.
- This small, but mighty machine is compatible with a wide variety of attachments including a snowblower, sweeper, nitrogen breaker, trencher, snow blade, soil conditioner and many more.
